X

St. Xavier's Senior Secondary School

May 2018 – May 2019

PROJECTS

Project 1

Human Resource Management System

JAN 2024

- Developed a comprehensive HRMS using Java and MySQL to streamline employee management processes.
- Designed and implemented modules for employee database management, attendance tracking, and payroll calculation.
- Collaborated with team members to conduct user testing, gather feedback, and iterate on software improvements.

LANGUAGES

English

Hindi

TECHNICAL SKILLS

Python

C

HTML

CSS

Django

Automata

MS Excel

MS Word

Powerpoint

CERTIFICATES

Advance C

@ KTCS India

- I honed my ability to optimize code for performance and efficiency while mastering intricate data structures and memory management techniques.

Java Language

@ KTCS India

- Java training equipped me with advanced object-oriented programming skills, enabling efficient application development using frameworks and libraries.

Web Application Development using Django

@ KTCS India

- Django training enhanced my ability to develop dynamic web applications with Python, mastering MVC architecture and ORM for efficient data management.

ACHIEVEMENTS

- Actively participated in a college fest's **Hackathon**, demonstrating **problem-solving skills and teamwork in a high-pressure environment**.
- Served as the **Overall Coordinator** for the college fest 'Inception2k23', overseeing **event planning, coordination, and execution**, ensuring its successful organization and smooth operation.
- Actively participated in the **Coder Cup C Language Challenge** at College campus, showcasing **proficiency and problem-solving skills in C programming**.
